| Parents Guide to IADT | 10.30am | Library |
| Student Support Services | 12pm | Library |

You are here.

Open Day 2019

Welcome + Information Points

There are three Information Points on campus. The first two are located at the entrances to the Atrium building. The third is located at the entrance to the Quadrangle building. Look out for our Student Ambassadors (wearing black or red t-shirts) who are here to help you and direct you to the course talks and studios.

Course Talks

The course talks will take you through our course content, the choices within degrees, portfolio guidelines and your career prospects. Each presentation will last about 30 minutes. Course talks for Art, Design, Film and Media will take place in the Quadrangle and talks for Humanities, Technology, Psychology and Entrepreneurship will take place in the Atrium.

Admissions

The Admissions team are located in the Information Zone and will answer any questions you may have on applying to IADT and guide you through the different grants available.

Campus Tours

Campus tours will take place at 11am and 12 noon. The meeting point is outside the Chapel.

Student Support

Our student support services form a big part of college life. You can meet representatives from areas such as disability services and learning support so you can ask questions on a one-to-one basis. They can be found in the Atrium.

Places to eat

You can buy hot food, drinks and snacks in The Kitchen in the Atrium (we also have a Starbucks).

Share your experience
