

*"Creating Futures"*

IADT: Dun Laoghaire Institute of Art, Design and Technology, is an innovative and dynamic Institute of Technology. Our vision is to be at the forefront of teaching, research and innovation at the convergence of the arts, technology and enterprise and to contribute to Ireland's development as a creative knowledge economy.

The Dviz project is a collaborative digital technology research project between Twelve Horses, IADT and UCD, and is funded by the NDRC. This project brings together a diverse skill set from both its commercial partner and institutional research teams to realise an innovative visualisation platform with strong commercial potential.

Applications are invited for appointment to the following two year fixed term contract posts:

## **Web Developer (n-tier)**
