DÚN LAOGHAIRE COMPANY – AMBR EYEWEAR SCOOPS TOP PRIZE AT NF SHOWCASE 2019!

We are nearly at the end of the first quarter for 2019 and it has been a real buzz! May this trend continue! The first big event for 2019 was the New Frontiers 2019 showcase in January which celebrated the achievements of the companies that 'graduated' from the New Frontiers programme. It was a great event and we would like to thank William Fry Solicitors for hosting the event and for their generous sponsorship of the 'Leading Entrepreneur Award'.

Ambr Eyewear – An eye opening win at the NF Showcase Awards 2019

Ambr Eyewear were the winners of the Leading Entrepreneur Award at the New Frontiers 2019 Showcase. (Left to right: Dan Nugent, Co-Founder, Ambr Eyewear, John Larkin, Chairman, William Fry, Leo Moore, Partner Technology Group, William Fry. Ambr Eyewear were also ranked in the 'Hot 100' Irish Startups' – which was compiled by the Sunday Business Post.

We also managed to 'pack' a lot into the month of February! We welcomed New Frontiers participants from The Link (TUD Blanchardstown) Hothouse (TUD, Grangegorman) and Synergy (TUD, Tallaght) and the RDC (Dundalk Institute of Technology) to a networking event focusing on digital media for start-ups. It was great to see the NF participants from different programmes sharing their experiences. We also enjoyed hosting the 'Pitch Perfect' session where 10 IADT students shared their business plans and goals after a three week 'Enterprise Bootcamp'.

It is 'Au Revoir' not 'Good bye' to CheckVentry who are 'scaling up' to larger offices in Dún Laoghaire – we will be meeting in McCormack's after work on **Thursday, 28 March** to wish them well! Be sure to be there!

Drones Consultants Ireland – Winner of the European Space Oscars!

Congratulations to Ian Kiely and his team at [Drones Consultants Ireland](#) who have been featured in the 'Hot 100 Irish Startups' published by the Sunday Business Post! This listing charts the progress of Drone Consultants Ireland who were the winners of the [Galileo Masters Accelerator 2018 European Satellite Navigation Competition](#) which was held in Marseilles in December 2018. It is a great endorsement for DCI and their winning 'Jack in the Box' entry!

The 'Jack in the Box' creation is a self-sustaining, aircraft deployable drone system that can be parachuted to remote and inaccessible locations, supplying flight bursts of 10 continuous hours for up to 500 expedition hours as opposed to 25 minutes flight time for a standard drone and has immediate applications in search & rescue, environmental and disaster scenarios. Drones Consultants Ireland are currently participating on the Propeller Shannon program and have been providing advisory services for The European Commission. We look forward to working with Ian on his projects over the next year!

Adrian - CheckVentry – Bon Voyage – Staying Local!

We are always glad when a start-up evolves into a 'scale-up' and it is inevitable that a 'scale-up' will graduate from the Media Cube – but it is always hard to say goodbye! This is particularly the case with Adrian Walsh of [CheckVentry](#). Adrian and his team have contributed greatly to the 'heart' of the Media Cube and they will be missed!

Adrian Walsh is a former Managing Director of Fiat Group and he came to the Media Cube on the New Frontiers programme in 2013.

Adrian's plan was to create a platform for the automotive industry that would enable the auditing of vehicles to be carried out quickly and easily using mobile technology. Adrian's product was quickly recognised as an asset.

In 2014, CheckVentry was awarded CSF funding and in 2015 Adrian won the coveted Docklands Innovation Award and a prize of 10k for 'The Most Investible Start-up'. It was the first of many other nominations and awards that CheckVentry have won!

CheckVentry are moving to offices in Patrick Street in Dún Laoghaire. To mark this event, we will be meeting for drinks on **Thursday, 28 March at McCormack's Pub** to wish Adrian and his team well – be sure to make it!

Introducing – New Frontiers 14.2 Participant - Rosalind Beere – Chi Fit Tea

A warm welcome to Rosalind Beere of [Chi Fit Tea!](#) Rosalind has commenced New Frontiers 14 Phase 2 and taken a desk at the Media Cube. Rosalind holds a PhD in Strategy and was a lecturer for 15 years. Rosalind became interested in blending her own tea after an accident that made her decide to kick her addiction to caffeinated drinks. After trying out various green teas, Rosalind decided to try blending her own healthy teas that would also taste good!

Rosalind developed 6 more products and launched the company in January 2018! Every product in the Chia Fit range has been blended by Rosalind to taste delicious and help people benefit from all the wonderful health and well-being benefits from these teas. Be sure to follow her on twitter @chifitte and read the recent coverage on [evoke.ie](#)
